PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

An explosives storage area and loading plant is located approximately 8 kilometers (km) northeast of Kuybyshev (Figure 1). The installation covers approximately 585 acres and contains a storage area with 8 support buildings and 48 revetted storage buildings; a smaller storage site with 2 revetted storehouses; an assembly plant with a bunker, 2 revetted storage/assembly buildings, a standpipe and 19 other structures; and a loading plant with 7 support buildings and 4 revetted loading structures. The

support sector for the installation contains 33 barracks, 4 administration and 26 other buildings.

The storage, loading and assembly areas are doubly secured and surrounded by a firebreak. Numerous guard towers and possible lights also protect the area.

██████ TALENT and ██████ KEYHOLE missions covered this installation between ██████████

██████████ There was no apparent change during this period.

DESCRIPTION OF INSTALLATION

Road Service

The installation is served by good all-weather roads.

Administration and Troop Housing Area

Area D contains 25 multistory barracks, 8 single-story barracks, 2 multistory administration buildings, 2 single-story administration buildings, 7 officers quarters, 11 support buildings and 8 storage buildings. The support area is not secured and extends into the village to the east.

Ammunition Storage Areas

Area F1 contains 48 revetted storage buildings and 8 support buildings.

Area F2 contains a large and a small revetted storage building.

Other Buildings

Area H1 is an explosives assembly plant containing 1 possible bunker, 2 revetted storage/assembly buildings, 1 standpipe, 1 control building in a power substation, 1 boiler plant, 3 administration buildings, 5 assembly buildings, 5 support buildings and 12 storage buildings.

Area H2 is an explosives loading plant, containing 4 revetted loading buildings and 7 support buildings.
